Dear Mr. Hinson,

I am sorry to be so late in answering your request for slides. It seems I hadn't taken any slides in two years. The slides I have assembled are of the work that is closely related. Other things from the past two years I have omitted to make the selection homogenous.

Thank you for your interest.

Sincerely yours,

Gretchen O. Troibner

For more space, use the back of this sheet.

My paintings are dream inspired. I refine the dream scenes down to the basic archetype. Simplification helps me to identify the symbols within the play, sometimes discarding the main characters. Transformations are often necessary in order to bring the idea together as a complete and separate work. The finished painting will always invoke in me the same feeling which inspired it.
